EDUCATION

Bachelor's in Computer Engg.

University of Mumbai
Batch of 2021

Diploma in Computer Engineering

M. H. Saboo Siddik Polytechnic,
Byculla
Batch of 2018

COURSEWORK

- Data Structures
- Advanced Algorithms
- Object Oriented Programming
- Computer Networks
- Database Management
- Theory of Computation
- System Design
- Operating Systems
- Software Testing

SKILLS

// Proficient

React.js, Node.js, Express,
MongoDB, Javascript. SQL,
NoSQL, Git, HTML/CSS,
Redux, Data Exploration, Data
Visualization, Figma

// Familiar

Java, Python, PHP, Docker,
AWS

ACCOLADES

- Awarded 'Trendsetter of The Year' at the Contentstack Value Awards, 2023
- Won the Contentstack Hackathon twice, in 2021 and 2022
- Technical Lead, IEEE Student Chapter, 2019

WORK EXPERIENCE

Software Engineer 1

Contentstack | February 2023 - Current

- Developed an optimized boilerplate framework for new products in the product ecosystem, resulting in a 35% reduction in development time while ensuring a seamless and efficient integration process.
- Orchestrated collaboration with 3 cross-functional teams to conceptualize, design, and implement a new feature that amplified product integration capabilities.
- Implemented rigorous testing strategies, including unit and integration testing, ensuring the feature's functionality and compatibility across multiple platforms and environments.

Associate Application Engineer

Contentstack | June 2021 - January 2023

- Addressed unique client needs by configuring a headless Content Management System, effectively serving a diverse portfolio of 20+ clients.
- Crafted and executed captivating user interfaces for client websites, leveraging the power of the MERN stack.
- Contributed to the expansion of the Contentstack Marketplace by building applications catering to eCommerce, Digital Asset Management, Search functionality, and other valuable features.

Software Consultant

Raw Engineering | October 2020

- Utilized React.js and a headless CMS to revamp the corporate website, enhancing content retrieval and user experience.
- Took a proactive role in conducting thorough requirement analyses across diverse projects.
- Maintained close collaboration with mentors, consistently integrating constructive feedback to drive personal and project growth.
- Produced thorough technical documentation, enhancing developer onboarding and enabling efficient interaction with developed solutions.
